Dear Virgil Meier,

Introduction: Thank you for using SERFF to file your forms in Maine. Using SERFF expedites the review of filings. I am sorry to note that this filing is not approved for use in Maine at this time. Please review and respond to the issues noted below.

Please provide, as "xls" attachments to one or more direct emails(s) to me at William.A.Brener@Maine.gov, all of the Excel spreadsheets of the several "Group Projection Detail Pages included in the filing that are used to support the proposed rate action. Of particular interest are the development of 2009 and 2010 forecasted earned income and of projected incurred claims. I believe these pages (as numbered in the filing) include at a minimum: page 17, page 18, page 21, page 22, page 23, page 24 and page 25. Please also provide, as an attachment of a SERF "Filing Correspondence" reply to this objection letter, a discussion of the reason(s) for the forecasted deterioration of claims experience for each "projection detail" page (except the air ambulance rider) expected in late 2009 and 2010 relative to the experience generally observed from late 2004 up to mid/late 2008.

Spreadsheets of "Detail Exhibits"

A spreadsheet "Obj 1 & 2 Spread sheets.xls" has been included that contains all of the detail exhibits that were included in the initial rate filing. Also included in this file are exhibits "Exhibit Obj2.1" and "Exhibit Obj2.2" which are the response to item 2 of the second objection. These are the combined experience for all the Maine group business. The exhibit Obj2.1 is based on non pooling and Obj2.2 is based on the pooling levels of 50,000 for the scheduled plans and 100,000 for the catastrophic plans. These projections are the combinations of the individual projections, so the trend is the same for each of the individual components.

Narrative of the reason for deterioration of experience

Included here are several paragraphs indicating some of the results seen in the experience. Because of this sudden deterioration in experience, the rate calculations were based on two years of experience rather than just one. This tempers the increase that is being filed, but if the experience does not temper, significant increases in the future may be justified by the emerging experience.

Scheduled plans (numbers derived from exhibit 7)

There has been a significant increase in the experience in the early part of 2009. While there was anticipation that the claim costs would revert back to a "normal" pattern, the sudden increase in claims is somewhat alarming. The base plan scheduled plans were running at a pmpm in the low \$60 form April of 2006 to May of 2006, then they dropped to the low \$40s in early 2008. Since then, the pmpm numbers have rebounded, with 6 out of the last 9 months (200807 – 200903) having

pmpm claims costs over \$100. The paid loss ratio for April 2009 is 70% while the incurred loss ratio for April 2008 was 33.6%, this would indicate that with an additional month of experience, the loss ratio will continue to move up. The actual loss ratios have been further impacted by the reduction in rates that went into effect in 2008. Because of the low, or declining pmpm numbers, the large reduction in rates, compounded with the increase in claim costs has resulted in a spike in the loss ratio.

This block of schedule business is fairly small and we anticipate that there will be variations in the experience from year to year. The experience in early 2008 was better than average, the recent experience appears to be running at above average. The last two years of experience have been used in the determination in order to ascertain the true average.

Catastrophic (numbers from exhibit 8)

There is a similar result on the catastrophic plans. In early 2006, the pmpm was in the low to mid \$90, since then it has fallen to the mid \$70s, with the low around late 2008. Since then it has moved up rapidly and the 12 month rolling average is at \$128, with 7 of the last 12 months over \$120. The same situation also holds true for the paid claims in April 2009 with the paid loss ratio over 100%. On this form we are again seeing claim costs drop and then increase.

Ambulatory Care rider (exhibit 10)

The ambulatory care rider experience is showing an increase in the loss ratio, but this is due in part to the reduction of the rates. The pmpm claim costs have moved steadily upward for the most part, the quicker increase in the loss ratio appears to be due to the rate reduction. It is anticipated that this loss ratio will continue to move up in the next year.

Chemotherapy Rider (exhibit 11)

The Chemotherapy riders have actually seen improved, i.e. lower pmpm claim costs in the recent years. Prior to 2006, the pmpm were over \$30 this number has fallen into the \$10-\$15 pmpm range. This is certainly not expected as with time the incidence of cancer would be expected to increase. There are only 1,000 insureds on this form, and because it is a low frequency, there will be sizable swings in experience.

Doctors office visit rider (exhibit 12)

The doctor's office visit rider is perhaps the most consistent of all the base and rider forms due to the nature of what it covers. It is less prone to catastrophic events due nature of what it covers. Even this rider shows that the pmpm claim costs in early 2008 shows a leveling and even a slight decline in costs. The pmpm claim costs had been rising since 2006, but in January 2008, the claims costs seem to level out and stay relatively flat till July 2007 when they begin to increase again.

 Respond By Date 10/01/2009
 Submitted Date 09/17/2009 12:44 PM

Dear Virgil Meier,

Introduction: Thank you for using SERFF to file your forms in Maine. Using SERFF expedites the review of filings. I am sorry to note that this filing is not approved for use in Maine at this time. Please review and respond to the issues noted below.

- 1) The statement in the memorandum (item J, p. 9) that the rates are “conditionally renewable” must be changed to state that the rates are “guaranteed renewable”; MRSA Title 24-A, §2850-B identifies the circumstances in which a policy does not have to be renewed. D.16 of the checklist has the link to the statute.

[This has been corrected in the actuarial memo.](#)

- 2) Provide and Maine experience for the small group block of business in total (Scheduled base, Catastrophic base, and riders), as well as Scheduled base with riders and Catastrophic base with riders separately, for each of the past three calendar years as required by Rule 940 6.F.6. (Checklist D.13).

[The combined experience has been included under exhibit Obj 2.1 and exhibit Obj 2.2. Exhibit Obj 2.1 is unadjusted for large claims, while exhibit Obj 2.2 contains adjustments for large claims. Exhibit Obj 2 Cat B&R contains the experience for the Catastrophic base plan and riders associated with it. Exhibit Obj 2 Sch B&R contains the experience for the scheduled plans and the associated riders. These two exhibits are based on no adjustments for large claims. If these two projections are combined, the results will differ slightly from Exhibit Obj 2.1 due to the projection of the riders split apart by their appropriate base forms.](#)

- 3) Comply with Rule 940, §11 (checklist G.13) regarding expenses and investment income (see filing p. 10: total block of small group business is 2,572 insureds in-force)

[In the filing, Exhibit 1 \(page 10\) was reformatted to combined the base products by Schedule and Catastrophic, however, the data was not updated and is not reflective of the current situation. An updated exhibit with the correct numbers has been included. The current data shows that the exposure for the catastrophic and schedule plans is 1,822. This is below the required level of 2,000, no additional information on expenses and investment income is being provided.](#)

- 4) Provide a statement that no “automatic trend increases” are applied to any of the Scheduled base rates, the Catastrophic base rates, or any of the riders identified in this filing.

[This has been added to item C of the actuarial memorandum found on page 8.](#)

- 5) Provide a statement regarding method of implementation of rate changes as required by checklist C.5 (effective date was provided but not method of implementation)].

This has been added to item C of the actuarial memorandum found on page 8.

6) Other

- A. Plan factors: specify plan rate relationships (single, two person, family, etc)—or sample relationships for various combinations and provide sample calculations of several commonly marketed plans (both Scheduled base and Catastrophic base plans, each with commonly marketed riders. Note: absent representative plan rates, there are no calculations showing how rates are constructed or the rate relationships thereof).

All forms are rated individually, this means that each person of a group is rated separately and then totaled to get the premium rate for the group.

The following forms are rated on some "type" of family tier rating.

GHP 2 883 Cert (individual, individual and one child, family);

The following riders are rated on an individual/single – family tier rating:

25216, 25326/TTR 1 292, 25330 /PTTR 290, 25902, ACR 1 1189, 25149, 25327/GCR 2 1284, 25331/PGCR 190
rider 25456 is based on individual, couple, single parent and family

- B. Area factors: provide documentation in support of the variety of area factors in base plans and riders

These forms were issued at various times in the past, each form was priced based on the appropriate area factors at the time policies were issued. In an attempt to minimize rate changes to the inforce certificates of closed forms, rates for area factors are not changed once the form become closed to new issues.

- C. Provide an explanation of "Discount Points" and how they are applied?

Discount points were a method to simplify the rate calculations. This was particularly important years ago when some of these forms were issued. The agent would provide a quote for smaller employers at the time of sale. The agent would total the points for each of the benefit options selected, these points were then used in the discount table to determine the "discount" applied to the base rate. For example, form 25147 on page 36, a non smoker (3 points) \$2,500 deductible (11 points), area (5 points) would equal 19 points. This would result in a factor of .38 that would be applied to the base rate.

- D. Describe the "ACE" rider.

Rider form 25890 provides benefits for 100% of covered expenses incurred during the remainder of a confinement period, up to the aggregate amount, once an Insured Person's covered expense under the base plan total the accumulated covered expense amount. This rider is attached to the form 25875-C ME.

- E. Review filing to ensure identification and accurate descriptions and classifications (i.e., scheduled base, catastrophic base and/or riders) of forms identified in this rate filing. Ensure that the form identification and classification in the Transmittal Document (p.5), the "RE:" section of the Actuarial Memorandum (p.6), and the Scope and Purpose of Filing and Description of Benefits (p.7) are consistent among the three locations and are fully described and classified as to "Scheduled base" or "Catastrophic base" in the "Description of Benefits" section. [Example: Page 5, 6, and 7 mention "GHP 2 883 Cert"; but page 7 also mentions "GHP 2 883" in two locations; we require clarification of what small group policy forms and/or "certs" are included in this filing and the classification of each as to scheduled base or catastrophic base.

We have reviewed all references to the form names and they are all consistent.

Conclusion: Please review the issues noted above and submit your response and amended filing to my attention

within 14 days of the date of this objection letter. If the Bureau of Insurance does not hear from you within 14 days the filing will be disapproved. If the company needs an extension for good cause, in accordance with Title 24-A M.R.S.A. §2412(2) the Superintendent may grant an additional 30 days in which to submit an amended version. The request for an extension must be in writing, must contain justification for the extension request, received here in the Bureau by any means before the 14 day deadline has lapsed, and must contain a declaration that no form in the filing will be deemed approved by the company before the amended filing is acted on by the Bureau.

Sincerely, William Bremer (LH)

The following exhibits are hereby submitted in accordance with rate filing requirements on behalf of The MEGA Life and Health Insurance Company in North Richland Hills, Texas (NAIC # 97055). This memorandum has been prepared for the purpose of demonstrating compliance with regulatory authority and may not be appropriate for other purposes.

A. Scope and Purpose of Filing

This filing contains rate pages for all small group products with in force business. The purpose of this filing is to file rate adjustments according to the requirements of Maine as set forth in Title 24-A M.R.S.A., 2808-B.

An increase in rates on the catastrophic forms: 25312/GHP 8 991 CERT (Rev. 10-91), 25313/PMH 1 190, PMH 2 NSF CERT, GHP 2 883 CERT, GHP 4 188 CERT, GHP 6 788 CERT, and 25876-C-ME of 33% is requested.

B. Description of Benefits

Form 25147 (5/92)-P (Rev. 8/02) provides benefits for services rendered while confined in a hospital, same-day surgery facility, or on an outpatient basis.

Form 25875-C-ME provides benefits for Hospital Room and Board, Hospital Intensive Care, Miscellaneous In-Hospital Expenses, Surgery, Assistant Surgeon, Anesthesiologist, Outpatient Surgery Facility, Second Physician's Surgical Opinion, Physician Visits while Hospital Confined and Ambulance Transportation.

Forms 25876-C-ME and 25313/PMH 1 190 provide benefits for Hospital Room and Board, Hospital Intensive Care, Miscellaneous Hospital Expenses, Same-Day Surgical Facility Care, Doctor's Visits and Ambulance Services.

Form PMH 2 NSF CERT provides benefits for hospital inpatient expenses.

Form 25311/GHP 7 392 CERT provides hospital coverage on a daily room and board basis.

Form 25312/GHP 8 991 CERT Rev. (10-91) provides benefits for Hospital Room and Board, Hospital Intensive Care/Cardiac Care, Hospital Miscellaneous Charges, Inpatient Physician Visits, Surgeon benefits, Assistant Surgeon benefits, Anesthesiologist, Radiology and Pathology and Same Day Surgery Facility.

Form 25314 provides reimbursement for certain stated medical expenses due to accidental injury. Benefits are provided for services rendered while confined in a hospital or same-day surgery facility.

Forms GHP 2 883 CERT, GHP 4 188 CERT and GHP 6 788 CERT provide benefits, subject to the provisions of the Group Policy, if an Insured Person incurs covered expenses resulting from an injury or sickness.

Forms GHP 3 984 CERT and GHP 5 788 CERT provide benefits for basic hospital expenses, included inpatient expenses.

Forms GHP 2 883 CERT, GHP 3 984 CERT, GHP 4 188 CERT, GHP 5 788 CERT, GHP 6 788 CERT and 25311/GHP 7 392 CERT were originally issued by PFL Life Insurance Company and have since been assumed by MEGA.

Rider forms 25216, 25885 and ACR 1 1189 provide benefits for diagnostic X-Rays, laboratory and pathological exams, and physical, occupational or speech therapy, when incurred in a hospital emergency room or outpatient facility, same-day surgery facility or doctor's office or clinic.

Rider forms 25326/TTR 1 292 and 25330/PTTR 290 provide benefits for laboratory and pathological exams, and physical, occupational and speech therapy services provided in hospital emergency rooms, outpatient facilities doctor's offices or clinics, and same-day surgery facilities.

Rider forms 25149, 25327/GCR 2 1284, 25331/PGCR 190 and 25887 provide benefits for actual expenses incurred by an Insured Person during an outpatient hospital stay for the treatment of cancer by radiation therapy or chemotherapy.

Rider forms 25456 and 25886 provide benefits for medically necessary visits to the physician's office or clinic and for related care services provided by the Doctor to the Insured Person as a part of such visit.

Rider form 25908 provides benefits for emergency room treatment received for a medical emergency.

Rider form 25930-ME provides benefits for the treatment and diagnosis of psychotic disorders (including schizophrenia), dissociative disorders, mood disorders, anxiety disorders, personality disorders, paraphilias, Attention Deficit and disruptive behavior disorders, pervasive developmental disorders, tic disorders, eating disorders (including bulimia and anorexia) and substance abuse related disorders.

Rider form 25323-ME/GMB 3 991 provides benefits for medical expense incurred as a result of normal pregnancy, childbirth and routine newborn care.

Rider form CEB 1 788 provides benefits for 100% of the covered expenses in excess of the Catastrophic Deductible stated in the certificate schedule when the rider is attached to form GHP 5 788 CERT.

Rider form 25433 provides benefits for Same-Day Surgery Facility Care and surgery expenses.

Rider form 25890 provides benefits for 100% of covered expenses incurred during the remainder of a confinement period, up to the aggregate amount, once an Insured Person's covered expense under the base plan total the accumulated covered expense amount.

Rider form 25902 provides benefits for air ambulance transportation to the nearest available medical facility that can provide adequate care in the event of a medical emergency.

C. Proposed Effective Date

The proposed effective date of this rate change is January 1, 2010 or upon approval. Inforce certificates, after a 60-day notice of approved rate increase, the change becomes effective for each certificate on its semi-annual anniversary. There are not automatic increase in any of the forms referenced by this actuarial memorandum.

D. In Force Business, Average Monthly Premiums in Maine

See attachment In Force Business

E. Morbidity & Experience

The experience is based on the claim data paid through March 2009. The projection period relies on the data through June 2009. The experience is based on the date of service as defined when services are rendered by a medical professional or facility. The data is based on the forms listed above and is for policies issued in the state of Maine.

Large claim adjustments were made for the amounts over \$100,000 for catastrophic plans and \$50,000 for scheduled plans. The data was adjusted for large claims by removing large claims in the experience period and adding back a pooling charge. The pooling charge is determined by totaling all excess claims for all calendar years and dividing by premium over the same period. To determine if the claims reach this threshold, paid claims are accumulated per person over a 12 month time period. Because the small group blocks are becoming less credible and due to the shift in claim activity, the last two years have also been looked at for the purposes of the rate adjustment. The use of two years of experience helps to stabilize the claim costs. Without the use of the two years of experience, there would have been significant increases in premiums based on the calculations. If claims costs continue at the current higher levels, the rate increase for 2011 will likely be higher than those proposed for 2010, especially for the scheduled plans.

F. Medical Trend Assumptions

Medical trend has been based on the actual data of the products based on the base and riders. The schedule plan has been set at 7%. Catastrophic has been set at 20.5% and the riders vary from 0 to 10% and are shown on exhibit 2010 Small Group MEGA Rate Calculation 1 year.

G. Mortality

Not applicable.

H. Issue Age Range

All issue ages are allowed. The most prevalent issue ages are 19 – 64.

I. Rate History (since 1/1/2000)

See attachment Rate History

J. Renewability

All certificates are guaranteed renewable. Riders follow the renewability of the certificate to which they are attached.

K. Loss Ratio Requirements

The minimum required loss ratio for small group business is 75%.

L. Premium Classes

Premium varies by attained age, benefit level, and 3-digit zip code of residence. Area factors are located on the following rate pages.

M. Marketing Method

These products were sold to small employers by general agencies primarily on a one-to-one basis, but the company is not currently marketing small group products in Maine.

N. Actuarial Certification

I certify, to the best of my knowledge and judgment, that this rate filing is in compliance with the applicable laws and regulations of this state, and that the rates are not excessive, inadequate, or unfairly discriminatory.

Objection Letter

Objection Letter Status Pending

Objection Letter Date 09/17/2009

Submitted Date 09/17/2009

Respond By Date 10/01/2009

Dear Virgil Meier,

Thank you for using SERFF to file your forms in Maine. Using SERFF expedites the review of filings. I am sorry to note that this filing is not approved for use in Maine at this time. Please review and respond to the issues noted below.

- 1) The statement in the memorandum (item J, p. 9) that the rates are “conditionally renewable” must be changed to state that the rates are “guaranteed renewable”; MRSA Title 24-A, §2850-B identifies the circumstances in which a policy does not have to be renewed. D.16 of the checklist has the link to the statute.
- 2) Provide and Maine experience for the small group block of business in total (Scheduled base, Catastrophic base, and riders), as well as Scheduled base with riders and Catastrophic base with riders separately, for each of the past three calendar years as required by Rule 940 6.F.6. (Checklist D.13).
- 3) Comply with Rule 940, §11 (checklist G.13) regarding expenses and investment income (see filing p. 10: total block of small group business is 2,572 insureds in-force)
- 4) Provide a statement that no “automatic trend increases” are applied to any of the Scheduled base rates, the Catastrophic base rates, or any of the riders identified in this filing.
- 5) Provide a statement regarding method of implementation of rate changes as required by checklist C.5 (effective date was provided but not method of implementation)).
- 6) A. Plan factors: specify plan rate relationships (single, two person, family, etc)—or sample relationships for various combinations and provide sample calculations of several commonly marketed plans (both Scheduled base and Catastrophic base plans, each with commonly marketed riders. Note: absent representative plan rates, there are no calculations showing how rates are constructed or the rate relationships thereof).
B. Area factors: provide documentation in support of the variety of area factors in base plans and riders
C. Provide an explanation of “Discount Points” and how they are applied?
D. Describe the “ACE” rider.

E. Review filing to ensure identification and accurate descriptions and classifications (i.e., scheduled base, catastrophic base and/or riders) of forms identified in this rate filing. Ensure that the form identification and classification in the Transmittal Document (p.5), the "RE:" section of the Actuarial Memorandum (p.6), and the Scope and Purpose of Filing and Description of Benefits (p.7) are consistent among the three locations and are fully described and classified as to "Scheduled base" or "Catastrophic base" in the "Description of Benefits" section. [Example: Page 5, 6, and 7 mention "GHP 2 883 Cert"; but page 7 also mentions "GHP 2 883" in two locations; we require clarification of what small group policy forms and/or "certs" are included in this filing and the classification of each as to scheduled base or catastrophic base.

Please review the issues noted above and submit your response and amended filing to my attention within 14 days of the date of this objection letter. If the Bureau of Insurance does not hear from you within 14 days the filing will be disapproved. If the company needs an extension for good cause, in accordance with Title 24-A M.R.S.A. §2412(2) the Superintendent may grant an additional 30 days in which to submit an amended version. The request for an extension must be in writing, must contain justification for the extension request, received here in the Bureau by any means before the 14 day deadline has lapsed, and must contain a declaration that no form in the filing will be deemed approved by the company before the amended filing is acted on by the Bureau.

Sincerely,

William Bremer (LH)

Response Letter

Response Letter Status	Submitted to State
Response Letter Date	09/25/2009
Submitted Date	09/25/2009

Dear William Bremer (LH),

Comments:

Please see responses to prior inquiries.

Response 1

Comments: 1. This has been corrected in the actuarial memo.

2. The combined experience has been included under exhibit Obj 2.1 and exhibit Obj 2.2. Exhibit Obj 2.1 is unadjusted for large claims, while exhibit Obj 2.2 contains adjustments for large claims. Exhibit Obj 2 Cat B&R contains the experience for the Catastrophic base plan and riders associated with it. Exhibit Obj 2 Sch B&R contains the experience for the scheduled plans and the associated riders. These two exhibits are based on no adjustments for large claims. If

SERFF Tracking Number: MGCA-126287812 State: Maine
Filing Company: The Mega Life and Health Insurance Company - State Tracking Number:
ICA
Company Tracking Number: ME SM GRP 2009
TOI: H15G Group Health - Hospital/Surgical/Medical Sub-TOI: H15G.003 Small Group Only
Expense
Product Name: ME Small Group Filings
Project Name/Number: /

these two projections are combined, the results will differ slightly from Exhibit Obj 2.1 due to the projection of the riders split apart by their appropriate base forms.

3. In the filing, Exhibit 1 (page 10) was reformatted to combined the base products by Schedule and Catastrophic, however, the data was not updated and is not reflective of the current situation. An updated exhibit with the correct numbers has been included. The current data shows that the exposure for the catastrophic and schedule plans is 1,822. This is below the required level of 2,000, no additional information on expenses and investment income is being provided.

4. This has been added to item C of the actuarial memorandum found on page 8.

5. This has been added to item C of the actuarial memorandum found on page 8.

6. A. All forms are rated individually, this means that each person of a group is rated separately and then totaled to get the premium rate for the group.

The following forms are rated on some "type" of family tier rating.

GHP 2 883 Cert (individual, individual and one child, family);

The following riders are rated on an individual/single – family tier rating:

25216, 25326/TTR 1 292, 25330 /PTTR 290, 25902, ACR 1 1189, 25149, 25327/GCR 2 1284, 25331/PGCR 190 rider 25456 is based on individual, couple, single parent and family

B. These forms were issued at various times in the past, each form was priced based on the appropriate area factors at the time policies were issued. In an attempt to minimize rate changes to the inforce certificates of closed forms, rates for area factors are not changed once the form become closed to new issues.

C. Discount points were a method to simplify the rate calculations. This was particularly important years ago when some of these forms were issued. The agent would provide a quote for smaller employers at the time of sale. The agent would total the points for each of the benefit options selected, these points were then used in the discount table to determine the "discount" applied to the base rate. For example, form 25147 on page 36, a non smoker (3 points) \$2,500 deductible (11 points), area (5 points) would equal 19 points. This would result in a factor of .38 that would be applied to the base rate.

D. Rider form 25890 provides benefits for 100% of covered expenses incurred during the remainder of a confinement period, up to the aggregate amount, once an Insured Person's covered expense under the base plan total the accumulated covered expense amount. This rider is attached to the form 25875-C ME.

Dear Virgil Meier,

Thank you for using SERFF to file your forms in Maine. Using SERFF expedites the review of filings. I am sorry to note that this filing is not approved for use in Maine at this time. Please review and respond to the issues noted below.

Please provide, as "xls" attachments to one or more direct email(s) to me at <William.A.Bremer@Maine.gov>, all of the Excel spreadsheets of the several "Group Projection Detail" pages included in the filing that are used to support the proposed rate action. Of particular interest are the developments of 2009 and 2010 forecasted earned income and of projected incurred claims. I believe these pages (as numbered in the filing) include at a minimum: page 17, page 18, page 21, page 22, page 23, page 24 and page 25. Please also provide, as an attachment to a SERFF "Filing Correspondence" reply to this objection letter, a discussion of the reason(s) for the forecasted deterioration of claims experience for each "projection detail" page (except the air ambulance rider) expected in late 2009 and 2010 relative to the experience generally observed from late 2004 up to mid/late 2008.

Please review the issues noted above and submit your response and amended filing to my attention within 14 days of the date of this objection letter. If the Bureau of Insurance does not hear from you within 14 days the filing will be disapproved. If the company needs an extension for good cause, in accordance with Title 24-A M.R.S.A. §2412(2) the Superintendent may grant an additional 30 days in which to submit an amended version. The request for an extension must be in writing, must contain justification for the extension request, received here in the Bureau by any means before the 14 day deadline has lapsed, and must contain a declaration that no form in the filing will be deemed approved by the company before the amended filing is acted on by the Bureau.

Sincerely,
William Bremer (LH)

Comments:

Mr. Bremer,

All of the necessary documents, including the excel spreadsheet, are attached in this SERFF filing. Please let us know if you still need for us to send you the excel spreadsheet separately to your email address.

Regards,

Eliseo Rodriguez

Small Group Rate Filing filed 8/31/09

Comments:

Dear Mr. Rodriquez:

I received your responses to my two SERFF "objection letters." To date I have not received the experience Excel spreadsheet or the corrections noted in your response to my 9/11 or 9/17 requests. In your response to my 9/11 objection letter, you state that "The response to this objection will be emailed to you along with the objections dated 9/17/09." Please submit the responses to the 9/17/09 objection letter on SERFF. Sending these responses directly to me will only slow the review process. In the case of the response to the 9/11 objection letter, you may attach the experience report to a direct email to me <William.A.Bremer@maine.gov> because SERFF does not accept Excel document submissions.

Thank you,
W. Bremer

Actuarial Memorandum for Maine Small Group Health Plans Rate Filing

August 28, 2009

Mr. William A. Bremer, FCA, MAAA
Assistant Actuary
Maine Bureau of Insurance
34 State House Station
August, Maine, 04333

RE: The MEGA Life and Health Insurance Company

Rate Filing for Small Group Plans

Company NAIC # 264-97055; Company FEIN # 59-2213662

Basic Plans: 25147 (5/92)-P (Rev. 8/02), 25311/GHP 7 392 CERT, GHP 3 984 CERT, GHP 5 788 CERT, and 25875-C-ME

Catastrophic Plans: 25312/ GHP 8 991 CERT (Rev. 10-91), 25313/PMH 1 190, PMH 2 NSF CERT, GHP 2 883 CERT,
GHP 4 188 CERT, GHP 6 788 CERT, and 25876-C-ME

Riders: 25902, 25216, 25330, 25326, 25885, ACR 1 1189, 25149, 25887, 25327, 25331, 25456, 25886, 25908, 25930-ME,
25323-ME, CEB 1 788, 25433, 25890

Dear Mr. Bremer:

Enclosed, please find an actuarial memorandum, experience exhibit for all small group products with in force business in the state of Maine for rates effective January 1, 2010 or upon approval. The rate adjustments contained in this filing will support the loss ratio requirements outlined in Title 24-A M.R.S.A. 2808-B.

This rate filing covers all health plans and riders. It does not, however, include dental, vision, drug, accident, return of premium, specified disease or life insurance rates.

There has been a significant increase in claims for these plans over the course of the last twelve months. If we were to base our rate request solely on this most recent twelve months, we would need a much higher increase, including 34% on the scheduled plans. In order to smooth out this recent poor experience and thereby moderate the proposed increase to the extent possible, the rate increase being proposed is based on two years of experience. By using two years of experience we are at this time not requesting an increase on the scheduled plans and are not requesting any adjustments to the riders.

Similarly, if we based rates solely on the last twelve months, the catastrophic plans would require a 48% increase, while using 24 months yields a 37% increase. We are proposing a 33% increase as a result of using the 24 months and also as a result of not lowering certain riders. With an increase of 33% on the catastrophic plans and no changes on riders or scheduled, the block is priced at a 75% loss ratio. The average increase for all small group policies is anticipated to be 21% with the maximum increase at 33% if the policy holder has no riders (this is before attained age).

Sincerely,

Virgil Meier, FSA MAAA
Director Actuarial

Enclosures

The following exhibits are hereby submitted in accordance with rate filing requirements on behalf of The MEGA Life and Health Insurance Company in North Richland Hills, Texas (NAIC # 97055). This memorandum has been prepared for the purpose of demonstrating compliance with regulatory authority and may not be appropriate for other purposes.

A. Scope and Purpose of Filing

This filing contains rate pages for all small group products with in force business. The purpose of this filing is to file rate adjustments according to the requirements of Maine as set forth in Title 24-A M.R.S.A., 2808-B.

An increase in rates on the catastrophic forms: 25312/ GHP 8 991 CERT (Rev. 10-91), 25313/PMH 1 190, PMH 2 NSF CERT, GHP 2 883 CERT, GHP 4 188 CERT, GHP 6 788 CERT, and 25876-C-ME of 33% is requested.

B. Description of Benefits

Form 25147 (5/92)-P (Rev. 8/02) provides benefits for services rendered while confined in a hospital, same-day surgery facility, or on an outpatient basis.

Form 25875-C-ME provides benefits for Hospital Room and Board, Hospital Intensive Care, Miscellaneous In-Hospital Expenses, Surgery, Assistant Surgeon, Anesthesiologist, Outpatient Surgery Facility, Second Physician's Surgical Opinion, Physician Visits while Hospital Confined and Ambulance Transportation.

Forms 25876-C and 25313/PMH 1 190 provide benefits for Hospital Room and Board, Hospital Intensive Care, Miscellaneous Hospital Expenses, Same-Day Surgical Facility Care, Doctor's Visits and Ambulance Services.

Form PMH 2 NSF CERT provides benefits for hospital inpatient expenses.

Form 25311/GHP 7 392 CERT provides hospital coverage on a daily room and board basis.

Form 25312/GHP 8 991 CERT Rev. 10-91 provides benefits for Hospital Room and Board, Hospital Intensive Care/Cardiac Care, Hospital Miscellaneous Charges, Inpatient Physician Visits, Surgeon benefits, Assistant Surgeon benefits, Anesthesiologist, Radiology and Pathology and Same Day Surgery Facility.

Form 25314 provides reimbursement for certain stated medical expenses due to accidental injury. Benefits are provided for services rendered while confined in a hospital or same-day surgery facility.

Forms GHP 2 883, GHP 4 187 and GHP 6 788 provide benefits, subject to the provisions of the Group Policy, if an Insured Person incurs covered expenses resulting from and injury or sickness.

Forms GHP 3 984 and GHP 5 788 CERT provide benefits for basic hospital expenses, included inpatient expenses.

Forms GHP 2 883, GHP 3 984 CERT, GHP 4 188 CERT GHP 5 788 CERT, GHP 6 788 CERT and GHP 7 392 CERT were originally issued by PFL Life Insurance Company and have since been assumed by MEGA.

Rider forms 25216, 25885 and ACR 1 1189 provide benefits for diagnostic X-Rays, laboratory and pathological exams, and physical, occupational or speech therapy, when incurred in a hospital emergency room or outpatient facility, same-day surgery facility or doctor's office or clinic.

Rider forms 25326/TTR 1 292 and 25330/PTTR 290 provide benefits for laboratory and pathological exams, and physical, occupational and speech therapy services provided in hospital emergency rooms, outpatient facilities doctor's offices or clinics, and same-day surgery facilities.

Rider forms 25149, 25327/GCR 2 1284, 25331/PGCR 190 and 25887 provide benefits for actual expenses incurred by an Insured Person during an outpatient hospital stay for the treatment of cancer by radiation therapy or chemotherapy.

Rider forms 25456 and 25886 provide benefits for medically necessary visits to the physician's office or clinic and for related care serviced provided by the Doctor to the Insured Person as a part of such visit.

Rider form 25908 provides benefits for emergency room treatment received for a medical emergency.

Rider form 25930-ME provides benefits for the treatment and diagnosis of psychotic disorders (including schizophrenia), dissociative disorders, mood disorders, anxiety disorders, personality disorders, paraphilias, Attention Deficit and disruptive behavior disorders, pervasive developmental disorders, tic disorders, eating disorders (including bulimia and anorexia) and substance abuse related disorders.

Rider form 25323-ME/GMB 3 991 provides benefits for medical expense incurred as a result of normal pregnancy, childbirth and routine newborn care.

Rider form CEB 1 788 provides benefits for 100% of the covered expenses in excess of the Catastrophic Deductible stated in the certificate schedule when the rider is attached to form GHP 5 788 CERT.

Rider form 25433 provides benefits for Same-Day Surgery Facility Care and surgery expenses.

Rider form 25890 provides benefits for 100% of covered expenses incurred during the remainder of a confinement period, up to the aggregate amount, once an Insured Person's covered expense under the base plan total the accumulated covered expense amount.

C. Proposed Effective Date

The proposed effective date of this rate change is January 1, 2010 or upon approval.

D. In Force Business, Average Monthly Premiums in Maine

See attachment In Force Business

E. Morbidity & Experience

The experience is based on the claim data paid through March 2009. The projection period relies on the data through June 2009. The experience is based on the date of service as defined when services are rendered by a medical professional or facility. The data is based on the forms listed above and is for policies issued in the state of Maine.

Large claim adjustments were made for the amounts over \$100,000 for catastrophic plans and \$50,000 for scheduled plans. The data was adjusted for large claims by removing large claims in the experience period and adding back a pooling charge. The pooling charge is determined by totaling all excess claims for all calendar years and dividing by premium over the same period. To determine if the claims reach this threshold, paid claims are accumulated per person over a 12 month time period. Because the small group blocks are becoming less credible and due to the shift in claim activity, the last two years have also been looked at for the purposes of the rate adjustment. The use of two years of experience helps to stabilize the claim costs. Without the use of the two years of experience, there would have been significant increases in premiums based on the calculations. If claims costs continue at the current higher levels, the rate increase for 2011 will likely be higher than those proposed for 2010, especially for the scheduled plans.

F. Medical Trend Assumptions

Medical trend has been based on the actual data of the products based on the base and riders. The schedule plan has been set at 7%. Catastrophic has been set at 20.5% and the riders vary from 0 to 10% and are shown on exhibit 2010 Small Group MEGA Rate Calculation 1 year.

G. Mortality

Not applicable.

H. Issue Age Range

All issue ages are allowed. The most prevalent issue ages are 19 – 64.

I. Rate History (since 1/1/2000)

See attachment Rate History

J. Renewability

All certificates are conditionally renewable. Riders follow the renewability of the certificate to which they are attached.

K. Loss Ratio Requirements

The minimum required loss ratio for small group business is 75%.

L. Premium Classes

Premium varies by attained age, benefit level, and 3-digit zip code of residence. Area factors are located on the following rate pages.

M. Marketing Method

These products were sold to small employers by general agencies primarily on a one-to-one basis, but the company is not currently marketing small group products in Maine.

N. Actuarial Certification

I certify, to the best of my knowledge and judgment, that this rate filing is in compliance with the applicable laws and regulations of this state, and that the rates are not excessive, inadequate, or unfairly discriminatory.

Rate Filing Review Requirements Checklist
Small Group Medical Policies
Policies Subject to Title 24-A M.R.S.A. § 2808-B
H15G.003, H16G.003A, H16G.003D, H16G.003G, HOrg02G.004E
 (TO PRINT, MATCH PRINTER TO DOCUMENT'S "PAGE SETUP," AND SET PAPER FORMAT TO LANDSCAPE)

SECTION	REVIEW REQUIREMENTS	REFERENCE	DESCRIPTION OF REVIEW STANDARDS REQUIREMENT	SPECIFIC LOCATION OF COMPLIANCE IN FILING
A.	General Rate Filing Requirements: Segregation of Filings:	Rule 940, § 5. A. Rule 940, § 6. C. ; Rule 940, § 9. A.	<p>A rate filing must be submitted whenever a new policy, rider, or endorsement form that affects benefits is submitted for approval and whenever there is a change in the rates applicable to a previously approved form.</p> <p>Small group rates must be filed separately from individual or large group rates. The transmittal document must clearly identify the filing as a small group rate filing.</p>	
B.	Electronic (SERFF) and Paper Filing Requirements:	Rule 940, § 5. B.	<p>Group rates are submitted on a “file (for informational purposes) and use” basis, with the exception of small group rates subject to Title 24-A, § 2808-B where the carrier has not elected to use the guaranteed loss ratio option as provided in Rule 940, 9. E.</p> <p>Filings may be submitted electronically, using the NAIC “System for Electronic Rate and Form Filing” (SERFF), or on paper.</p> <p>If a SERFF filing is found to be in compliance with the applicable requirements, the SERFF record will show the rates as “Filed for Information” or “Acceptable,” depending upon the compliance requirements, and the SERFF file will be closed.</p> <p>Paper filings must include two (2) copies of the transmittal document available on the Bureau’s web site. If a paper filing is found to be in compliance with the applicable requirements, one (1) copy of the transmittal document (and any other materials sent in duplicate) will be returned to the carrier, stamped “Rates Filed for Information” or “Rates Acceptable,” depending on the compliance requirements.</p> <p>The Superintendent may request additional information as necessary.</p>	

C.	Additional Rate Filing Requirements:	Rule 940, § 5. C.	Every rate submission must contain the following:	
	1. Carrier Information:	Rule 940, § 5. C. 1.	The name and address of the carrier, and the name, title, email address, and direct phone number of the person responsible for the filing, must be provided.	<i>Page/location: 2/Transmittal box 3</i>
	2. Scope and Purpose of Filing:	Rule 940, § 5. C. 2.	Specify whether this is a new form and rate filing, a rate revision, or a justification of an existing rate.	<i>Page/location: 7/Act memo Item A</i>
	3. Description of Benefits:	Rule 940, § 5. C. 3.	Include a brief description of the benefits provided by each policy form and any attached riders or endorsements.	<i>Page/location: 7/Act memo item B</i>
	4. In-Force Business:	Rule 940, § 5. C. 4.	Provide the number of group policies, the number of covered employees, the number of covered insureds, and the annualized premium for the Maine policies which will be affected by the proposed rate revision.	<i>Page/location: 10/Exhibit 1</i>
	5. Proposed Effective Date(s):	Rule 940, § 5. C. 5.	State the proposed effective date and method of implementation of the proposed rate (e.g., next anniversary or next premium due date).	<i>Page/location: 8/Act memo item C</i>
	6. Confidentiality:	Rule 940, § 5. C. 6.	The filing may be prepared in a manner that protects the confidentiality of proprietary information by following the confidentiality protocol , available on the Bureau of Insurance website.	<i>Page/location: NA</i>
D.	Rate Filing Requirements--“Small Group Health Plans” subject to 75% Minimum Loss Ratio:	Rule 940, § 6	This section applies to hospital and medical “expense-incurred” small group health plan* rate filings intended to be in effect on or after July 1, 2004, unless the carrier has opted for the guaranteed loss ratio option pursuant to “G. 10” below. *See Title 24-A §2808-B, 1. G. for definition of “small group health plan.”	
	1. Rate Filings Must Accompany Form Filings:	Rule 940, § 6. A.	Every policy, rider, or endorsement form affecting benefits which is submitted for approval must be accompanied by a rate filing or, if the form does not require a change in the premium, the submission must include a complete explanation of the effect on the anticipated loss ratio. The rate filing must include all rates, rating formulas and revisions. Rates must be filed with the form rather than separately.	<i>Page/location: this is not a from filing</i>
	2. Rate Revisions:	Rule 940, § 6. B.	If the filing is a rate revision, the reason for the revision must be stated.	<i>Page/location: 6, 7/ cover memo, act memo item A</i>
	3. Separate Filings:	Rule 940, § 6. C. Rule 940, § 9. A.	As noted in “A.” above, small group rates must be filed separately from individual or large group rates. The transmittal document must clearly identify the filing as a small group rate filing.	
	4. 60-day Advance Filing Notice:	Rule 940, § 6. C.	The filing must be received by the Bureau at least 60 days before the implementation date unless the Superintendent waives this requirement pursuant to Title 24-A, §2808-B, 2-A., A.	

5. Non-compliant Filing:	Rule 940, § 6. C.	If the Bureau requests additional information or finds the rates not to be in compliance, rates approved previously must continue to be used.	
6. Completeness and Timeliness of Filing:	Rule 940, § 6. D.	The filing must include sufficient supporting information to demonstrate that the rates are not excessive, inadequate, or unfairly discriminatory. Carriers are required to review their experience <i>no less frequently than annually</i> and to file rate revisions, upward or downward, as appropriate. Upward revisions must be filed in a timely manner to avoid the necessity of large increases.	
7. Limitation on the application of approved trend factor(s):	Rule 940, § 6. E.	If any rates will be automatically adjusted subsequent to the effective date of the filing based on a trend factor or other factor, this must be clearly disclosed in the filing. Automatic trend increases must be limited to one year beyond the effective date. No further automatic trend increases may be implemented unless a new filing is submitted and approved.	
8. Morbidity:	Rule 940, § 6. F. 1.	Describe and explain the morbidity basis for the form. Any substantive adjustments from the source or earlier assumptions must be explained. The morbidity assumed must be adequately justified by supporting data.	<i>Page/location: 8/ act memo item E</i>
9. Mortality:	Rule 940, § 6. F. 2.	If applicable, the filing must state the mortality basis for the form, and any substantive adjustments from earlier assumptions must be explained.	<i>Page/location, if applicable: NA</i>
10. Issue Age Range:	Rule 940, § 6. F. 3.	Specify the issue age range of the form and whether premiums are on an issue age, attained age, or other basis.	<i>Page/location: 9/ act memo item H</i>
11. Average Premium and Pre- and Post-Rate Change Monthly Premiums:	Rule 940, § 6. F. 4.	Average Premium: Display the average annual premium per individual policy or group certificate for both Maine and all states in which the form is or was sold. If a rate adjustment is proposed, the filing must disclose the average percentage increase a policyholder will experience as well as the largest percentage increase that any in-force policy will receive. The average increase must be determined by comparing the aggregate premium before and after the increase (assuming no lapses) for all policies renewing during the period during which the rates are intended to be in effect. The maximum increase is the largest increase for an in-force policy, including changes due to trend, aging, and changes in demographic, area, industry rating factors, but excluding changes in the covered population under a group policy.	<i>Page/location: 10/ exhibit 1</i>
12. Medical Trend Assumptions:	Rule 940, § 6. F. 5.	Specify the medical trend used and the assumptions used to calculate the trend.	<i>Page/location: 8/ act memo item F</i>
13. Maine Experience on the Policy Form (past three years and future	Rule 940, § 6. F. 6.	Carriers shall consider experience solely within the State of Maine in developing its rates. However, if there is insufficient experience within Maine upon which a rate can be based, the carrier may use nationwide experience. In considering experience outside the State of Maine, as much	<i>Page/location: 15-25/Exhibits 3 - 15</i>

	anticipated):		<p>weight as possible must be given to Maine experience. If nationwide experience is used, premiums must be adjusted to the Maine rate level and, where appropriate, claims must be adjusted to Maine utilization and price levels. If premiums incorporate area factors that adjust for variations in utilization and price levels such that adjusting experience to Maine levels would result in the same percentage adjustment to both premiums and claims, then neither adjustment need be made. The carrier in its rate filing shall expressly show what geographic experience it is using. Experience from the past three calendar years must be displayed, including the following information:</p> <ul style="list-style-type: none"> (1) Year (2) Collected premium (3) Earned premium (4) Paid claims (5) Paid loss ratio (6) Change in claim liability and reserve (7) Incurred claims (8) Incurred loss ratio (9) Expected incurred claims (10) Actual-to-expected claims (11) Active Life Reserves <p>For future years, columns (3), (7), and (8) must be displayed. For periods where the actual claim runoff is complete, that data must be displayed to replace (6).</p> <p>Past experience must be presented on both an actual basis and a constant premium rate basis.</p>	
	14. National Experience:	Rule 940, § 6. F. 7.	Same data as in D. 13 , above, for all states in which the form is or was sold.	<i>Page/location:</i> NA
	15. History of Rate Adjustments:	Rule 940, § 6. F. 8.	List the approval dates and average percentage rate adjustments for the form both nationwide and in Maine for the past three years.	<i>Page/location:</i> 11-14/Exhibit 2
	16. Renewability Clause:	Rule 940, § 6. F. 9.	Small group health plan rates must be guaranteed issue and guaranteed renewable in accordance with Title 24-A, §2808-B. 4. A. and §2850-B. 3.	<i>Page/location:</i> 9/ act memo item J
	17. Loss ratios:	Rule 940, § 6. F.10.	State the minimum loss ratio determined according to Title 24-A, §2808-B 2-B. A. and 2-C. C. , as applicable, and the anticipated future and lifetime loss ratios.	<i>Page/location:</i> 9/act memo item K
	18. Premium Classes	Rule 940, § 6. F.11.	State all the attributes upon which the premium rates vary. If the form is area-rated, a complete table of area factors for all states must be included.	<i>Page/location:</i> 36-73/Exhibit Rate Pages

	19. Marketing Method	Rule 940, § 6. F. 12.	Provide a brief description of the market and the marketing method. Specify whether the form is still being sold and whether the filing applies only to new business, only to in-force business, or both, and the reasons therefor.	<i>Page/location: 9/act memo item M</i>
E.	Prohibited Rating Attributes:	Title 24-A §2808-B, 2. B.	A carrier may not medically underwrite and/or vary the premium rate due to the gender, health status, claims experience, or policy duration of the eligible group or members of the group.	
F.	Permitted Rating Attributes:	Title 24-A §2808-B, 2. C. Title 24-A §2808-B, 2. D.	Subject to rules established by the Superintendent, a carrier may vary the premium rate due to family membership, smoking status, participation in wellness programs, and group size. A carrier may vary the premium rate due to age, occupation or industry, and geographic area, but the premium rate may not deviate above or below the community rate to an extent greater than allowed by “G. 1.,” below.	<i>Page/location: 36-73/Exhibit Rate Pages</i>
G.	Additional Requirements:	Rule 940, § 9.	In addition to the requirements of Rule 940, §5 and, if applicable, §6, small group rate filings subject to Title 24-A M.R.S.A. §2808-B must meet the following requirements:	
	1. Community Rate, Formulas and Factors:	Rule 940, § 9. B. 1	The filing must include the community rate and any formulas or factors used to adjust that rate. Any variations based on age, geographic area, and/or industry or occupation must result in rates that are no less than 80% and no more than 120% of the community rate. Any factors that are identical to those filed within the prior 12 months may be omitted as long as a reference to the date of the prior filing is included.	<i>Page/location: 36-73/Exhibit Rate Pages</i>
	2. Group Size Factors:	Rule 940, § 9. B. 2	If rates vary by group size, the filing must disclose those factors and provide support based on expected differences by group size. Any factors that are identical to those filed within the prior 12 months may be omitted as long as a reference to the date of the prior filing is included.	<i>Page/location: NA</i>
	3. Pre- and Post-Rate Change Monthly Premiums:	Rule 940, § 9. B. 3. a.	If a rate adjustment is proposed, the filing must disclose the average percentage increase an employer will experience as well as the largest percentage increase that any employer will receive. The average increase must be determined by comparing the aggregate premium before and after the increase (assuming no lapses) for all policies renewing during the period during which the rates are intended to be in effect. The maximum increase is the largest increase for an employer under a currently in-force policy, including changes due to trend, aging, and changes in demographic, area, industry rating factors, but excluding changes in the covered population.	<i>Page/location: 10/exhibit 1</i>
	4. Representative Plan Rates:	Rule 940, § 9. B. 3. b.	Every small group rate filing must include rates for representative plans, which will be used to provide rate comparison information to the public. For each representative plan design in Table 1 of Appendix A of Rule 940, select one of your actively-marketed plans which most closely resembles	<i>Page/location: Product not actively marketed</i>

			the representative plan and note any material differences. Provide the community rate for a single employee, for an employee and adult dependent, for an employee with child(ren) dependent(s), and for an employee with an adult and child(ren) dependents. The premiums provided should be those which would be quoted by your marketing department to a ten-life group.	
	5. Small Group Association Plan Rates:	Rule 940, § 9. B. 4.	Rates applicable to small employers in association or trustee groups that differ from rates applicable to other small employers are subject to the following: <ul style="list-style-type: none"> a. The use of different community rates for the association or trustee group must have been authorized by the Superintendent pursuant to Title 24-A, §2808-B, 2. E.; b. The rate filing must state the percentage by which the rates for the association or trustee group differ from the rates for other small employers. If the difference is not a flat percentage, the filing must state the range of percentage differences and the average percentage. 	<i>Page/location, if applicable: Rates are the same</i>
	6. Actuarial Certification, non-HMO Rate Filings:	Rule 940, § 9. B. 5.	Include a certification by a qualified actuary that to the best of the actuary's knowledge and judgment, the entire rate filing is in compliance with the applicable laws of the State of Maine and with the rules of the Bureau of Insurance. "Qualified actuary," as used herein, means a member in good standing of the American Academy of Actuaries.	<i>Page/location: 9/ act memo item N</i>
	7. Actuarial Certification, HMO Rate Filings:	Rule 940, § 10	HMO rate filings must include a certification by a qualified actuary that the rates are not excessive, inadequate, or unfairly discriminatory, along with adequate supporting information. "Qualified actuary," as used herein, means a member in good standing of the American Academy of Actuaries.	<i>Page/location: na</i>
	8. Notice to Policyholders (rate renewal form letter):	Rule 940, § 9. B. 6.	The filing must include a copy of the form letter to be used to notify policyholders of a rate increase, as required by Title 24-A, § 2839-A, 1. and the date on which the notices were sent. If they have not yet been sent, state the date they are intended to be sent and provide written confirmation to the Bureau when the notices have been sent. Note: A carrier must provide written notice by first class mail of a rate increase to all affected policyholders or others who are directly billed for group coverage at least 60 days before the effective date of any increase in premium rates. An increase in premium rates may not be implemented until 60 days after notice is provided.	<i>Page/location: 74-75</i>
	9. Projected Cost Savings and Savings Offset Payments" (Dirigo Health):	Rule 940, § 9. D.	Rate filings intended to be in effect on or after July 1, 2005 are subject to the following: <ul style="list-style-type: none"> 1. Projected claims must reasonably reflect, in accordance with accepted actuarial standards, anticipated changes in payments by the carrier to 	<i>Page/location: 15-16/Exhibit 3 & 4</i>

			<p>health care providers, including any reduction or avoidance of bad debt and charity care costs to health care providers as a result of the operation of Dirigo Health and any increased MaineCare enrollment due to an expansion in eligibility occurring after June 30, 2004. Projected cost savings must be consistent with cost savings reported by the carrier to the Board of Directors of Dirigo Health pursuant to Title 24-A, §6913, 8. C.</p> <p>2. For purposes of loss ratio calculations, any savings offset payments paid or anticipated to be paid pursuant to Title 24-A, §6913 must be treated as incurred claims.</p>	
	10. Guaranteed 78% Loss Ratio Filing Option:	Title 24-A §2808-B, 2-C. & Rule 940, §9. E. 3.	<p>Small group rates subject to Title 24-A § 2808-B, 2-C. for which the carrier is eligible <i>and</i> has elected to use the guaranteed 78% loss ratio option are filed for informational purposes and must be filed at least 60 days prior to implementation.</p> <p>Filings will be reviewed for compliance with Rule 940, §§ 9. A.-D., and the requirements of the small group law. Any deficiencies will be brought to the attention of the carrier. If the rates have already been implemented and do not meet statutory requirements, corrective action may be required.</p>	
	11. Minimum 75% Loss Ratio Filing Option:	Title 24-A §2808-B, 2-B. A.	Small group rates subject to Title 24-A, § 2808-B, 2-B., for which the carrier is required to use the 75% loss ratio option (i.e., is not eligible for or has not elected to use the guaranteed 78% loss ratio option described in “ G. 10. ” above) are subject to disapproval.	
	A. Rate Filing Disapproval:	Title 24-A §2808-B, 2-B. A	The Superintendent shall disapprove any premium rates filed by any carrier, whether initial or revised, for a small group health plan unless it is anticipated that the aggregate benefits estimated to be paid under all the small group health plans maintained in force by the carrier for the period for which coverage is to be provided will return to policyholders at least 75% of the aggregate premiums collected for those policies, as determined in accordance with accepted actuarial principles and practices and on the basis of incurred claims experience and earned premiums.	
	B. Loss Ratio	Rule 940, § 9. F. 1.	The minimum anticipated loss ratio (based on earned income and incurred claims) for the period in which the rates will be in effect must meet the minimum requirements of Rule 940 §9. F. 1. & Title 24-A § 2808-B, 2-B. A.	
	12. Small Group Association Rates:	Rule 940, § 9. F. 2	<p>Small association and trustee groups that are not subject to the guaranteed loss ratio requirements of “10.” above, and which therefore must comply with “11.” above, are subject to the following:</p> <p>Filed rates which are applicable to small employers in association or trustee groups that differ from rates applicable to other small employers must include justification for the difference in rates.</p>	<i>Page/location, if applicable: NA</i>

	13. Large Blocks of Small Group Business:	Rule 940, § 11.	<p>In addition to the requirements of Rule 940, §5 and, to the extent applicable, §6 & §9, a rate filing for small group health plan policies or contracts not subject to the guaranteed loss ratio provisions referenced in “G. 10” above, which covers or is expected to cover more than two thousand (2,000) Maine residents is subject to the following:</p> <p>A. Expenses: Include a description of any expense assumptions used, including, for example, per policy and percentage of premium expense for commissions, other administrative expenses, and profit margin.</p> <p>B. Investment income: Include an estimate of investment income attributable to the affected policies and how it is reflected in the rates.</p>	Page/location, if applicable: NA

PREMIUM CHANGE NOTICE

I. M. Insured
8188 ST
WATERVILLE ME 04901

Insured: I. M. Insured
Policy/Certificate No.: 09888888888
Effective Date: 01/01/2007
Current Annual Premium Amount: \$2,000.00*
New Annual Premium Amount: \$2,400.00*

BCN: 98888888888

Dear Mr. Insured:

We appreciate the opportunity to provide you with health insurance designed to meet your unique needs. As healthcare costs continue to increase, we strive to offer flexible plans and products that are built around you and your budget. That way we can still offer you options that allow you to maintain your valuable coverage.

Based on your current plan design, your premium will change.

Your current annual premium is \$2,000.00.*

Your new annual premium is \$2,400.00.* Effective Date: 01/01/2010.

Here's what to do next.

If you want to continue with your current plan at the new rate, there is nothing you need to do.

Your premium will adjust on the effective date referenced above.

OR

If you would like to make a choice using your Customized Plan Options sheet, check one of the boxes. Then sign, date, and mail or fax the sheet back to us. (The mailing address and fax number are included on the Customized Plan Options sheet). To expedite handling, you can call our Customer Service Representatives at **1-800-457-9301**.

OR

If you prefer to review your options that could lower your costs, or for any questions, our Customer Service Representatives are here to help, Monday through Friday, 8 am to 5 pm.

Call 1-800-457-9301.

Now is really the time for a dependable health protection plan that can be adjusted to fit your life. We feel confident that we can continue to provide the coverage and service you expect and deserve.
